

Sports Radiator

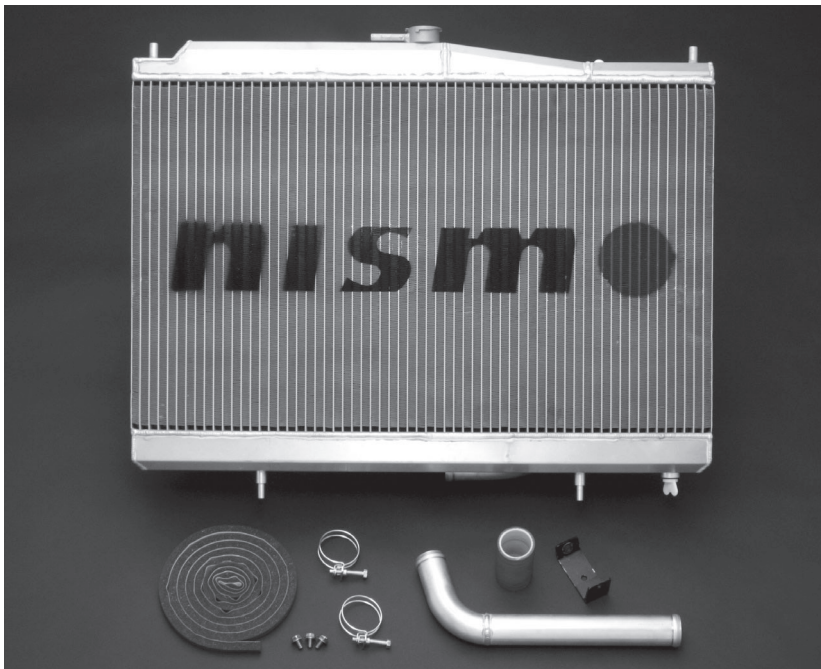

Part	Part no.	Code	Price with tax	Price	Qty per car	Part information
Sports Radiator	21410-RS580	B	136,500	130,000	1	Lower pipe accessory for BNR32; cutting of shroud, lower hose required
	21410-RS596	B	157,500	150,000	1	Lower pipe accessory for BNR33; cutting of shroud, lower hose required
	21410-RSR46	B	157,500	150,000	1	Lower pipe accessory for BNR34; cutting of shroud, lower hose required

Features

A sports radiator that optimizes cooling performance in high rotation/high heat and high speed/large airflow conditions. The core's width and the fins' pitch have been optimized to increase heat radiation, while a single-layer construction reduces pressure loss. Changing the place where the lower hose is attached and mounting a partition within the upper and lower tank interior have stabilized coolant performance by eliminating drags to the coolant's flow and rationalizing its course. There is an increase in cooling water volume as well as in the time it takes for the water to pass through the radiator, both of which help to ensure stable water temperature.

Specifications

Materials: Aluminum, silver coated, NISMO logo painted on
Weight: BCNR33 = 5.4kg (genuine = 3.6kg); BNR34 = 5.3kg (genuine = 2.1 kg)
Core dimensions: BNR32: H374 x W658 x D36 (standard: H380 x W646 x D25)
BCNR33: H400 x W658 x D36 (standard: H400 x W646 x D25)
BNR34: H444 x W658 x D36 (standard: H450 x W646 x D25)

For BCNR33
